Expression of Concern: The functional role of long non-coding RNAs and epigenetics

Shulin Li

Expression of Concern

After publication of this article [1] it was brought to the Editors' attention that the same manuscript had been submitted to another journal by a different author while this article was still under consideration. We have been unable to confirm the authorship despite contacting the authors' institutions and requesting an investigation.

Submit your next manuscript to BioMed Central and we will help you at every step:

- We accept pre-submission inquiries
- Our selector tool helps you to find the most relevant journal
- We provide round the clock customer support
- Convenient online submission
- Thorough peer review
- Inclusion in PubMed and all major indexing services
- Maximum visibility for your research

Submit your manuscript at
